In this edition, we are delighted to share some inspiring updates from our Safety Club initiatives across different regions. From South India to Delhi and Punjab, our dedicated team members have been making a significant impact in empowering children with essential safety knowledge. Join us as we celebrate their achievements and learn about the incredible work being done to create a safer world for our children.

Safety Drive in South India: Empowering Communities and Creating a Safer World

As we embark on a new year, we are excited to share an inspiring update from the Safety Club - Sahas Foundation that has deeply touched our hearts. Our journey began with a remarkable safety drive roadshow, spanning across three states in South India: Telangana, Andhra Pradesh, and Tamil Nadu. With the invaluable support of Mayor Dr. R. Sireesha Yadav and Deputy Mayor Bhumana Abhinay Reddy of Tirupati, we proudly launched the Safety Club safety training in the revered city of Tirupati.

During this significant undertaking, Sangeeta Giri, a dedicated member of our team, undertook visits to orphanages, juvenile homes, and prisons, where she engaged with vulnerable children under the age of 13. Her mission was to empower them with essential knowledge about safe and unsafe touch.

Additionally, Sangeeta ventured into the heart of an inaccessible reserve, where she had the privilege of meeting the Chenchu tribe—a resilient Aboriginal group whose ancestral way of life revolves around hunting and gathering. It was an extraordinary encounter with their captivating children, and Sangeeta bestowed upon them invaluable safety skills.

The response we received from each of these communities was truly overwhelming, evoking a profound emotional connection. In a touching gesture, tribal leaders presented Sangeeta with an arrow as a symbol of gratitude for her leadership and transformative impact on their communities. This arrow stands as a reminder of the immense force and influence we possess as we continue along our collective journey.

Such moments serve as powerful reminders of the vital role education and community-building play in shaping a safer and more empowered world for all. While there are miles to go before we sleep, these experiences have ignited our inspiration and motivation to persist in making a positive impact throughout the year ahead.

Together, we can continue our unwavering commitment to empower communities, nurture safety awareness, and create a better world for generations to come.

Tamil Nadu Outreach: Inspiring Child Safety Education

Sangeeta and Kavea, exceptional leaders at the Safety Club - Sahas Foundation, have gained recognition throughout Tamil Nadu, India. Their efforts to educate children about good touch and bad touch were featured on TV news channels. Child safety awareness workshops in 20 villages, including indigenous tribes, have made headlines, inspiring action. We appreciate their contributions and welcome Kavea to Safety Club, who created a teacher training guide and Safety Club Posters for Tamil Nadu. Together, we're building a safer future for children.
